# DISALLOWED ITEMS, DRESSINGS, APPLIANCES and HOSIERY

A paper copy of the Scottish Drug Tariff was printed in April 2010.

An up to date electronic version can be accessed via the Community Pharmacy Scotland website [www.communitypharmacyscotland.org.uk](http://www.communitypharmacyscotland.org.uk)

This can be interrogated using the 'search' facility.

The following list contains items which are disallowed on NHS prescription forms in Scotland.

These are items which do not appear in the Scottish Drug Tariff in parts 2, 3, 5, 6, 9 and 10. The only dressings and appliances which may be supplied against a prescription (GP10) or stock order (GP10A) are those which are listed in Parts 2-6 & 10 of the Tariff. The supply of any other appliance or dressing will not be passed for payment by PSD.

## NURSE PRESCRIPTIONS

(See part 8B and 8C of the Drug Tariff)

Considerable confusion can occur around the different types of nurse prescribers. Please remember that ordinary nurse prescribers are restricted to items in Part 8B of the Drug Tariff. Care should be taken to ensure the correct prescription form has been used. Nurses can't prescribe on a GP10.

Scripts issued by an 'ordinary nurse prescriber' will have an alpha code plus the wording: DN/HV (now Community Practitioner Nurse) prescriber. From 30 April 2007 the extended nurse formulary has been discontinued and from 1 May 2007 nurse independent prescribers are able to prescribe any licensed medicine for any medical condition including some controlled drugs as listed in Part 8C of the Drug Tariff.

Scripts issued by this type of nurse will have an alpha code plus the wording: EFNP/Supplementary (now Nurse Independent /Supplementary) prescriber.

Nurses are required to prescribe generically, except where this would not be clinically appropriate or where there is no approved generic name.

Items in parts 2 and 3 of the Drug Tariff which may **not** be prescribed by nurses are prefixed by the symbol **Nx**

## MINOR AILMENT SERVICE (MAS)

When prescribing under the Minor Ailment Scheme please remember the following:

- Although the list of items allowed on form CP2 includes all P & GSL lines, you should pay close attention to your local MAS Formulary and the National MAS Formulary for prescribing guidance.
- POMs There is only one National PGD – Chloramphenicol Eye Drops 0.5%. You must not prescribe a POM unless there is a PGD in place.
- Some products have both P and POM versions. POMs will be disallowed unless the relevant PGD is in place.
- For other products do include information of exactly what was supplied e.g trade name.
- Avoid prescribing branded or 'own brand' chesty cough medicines. Most are rejected.
- The Drug Tariff now has Part 7B which clarifies the pricing of certain items when prescribed generically on CP2 forms
